

Introduction to Triverus llc

Triverus llc designs and builds custom equipment and specialty products. Founded in 2001, we have grown into a capable organization able to address the needs of a diverse customer base. We design and build specialty equipment for the U.S. Navy, State and Local government, and other Department of Defense related companies.

Triverus operates an agile organization effective in using high tech design tools and technology based manufacturing methods. With a compliment of experienced engineers and technicians and an integrated high tech manufacturing facility we can address complex problems.
